

## SEASON TICKETS FOR COUNTY FAIR WILL BE PUT ON SALE SOON

Improvements Are Being Made on Plant, New Buildings Erected and Old Ones Repaired

The sale of season tickets to the Wilbarger County Fair to be held here September 19, 20, 201 and 22, will be started next week, according to present plans of the officials in charge. The supply of tickets has been printed and are now in the hands of the manager, R. H. Coffey. The season tickets entitle the holder to admission to the grounds at any time, day or night, and represent a considerable saving over single admissions.

The fair plant continues to be improved and will be in first class condition for the opening day of the annual exhibition. The grand stand is being overhauled and repaired and will be absolutely safe, officials declare. Some of the old timbers are being taken out and replaced, wire cable braces have been added and holes in the roof have been patched.

A new stand for the judges of races has been completed. It has been placed on a concrete foundation and is a permanent improvement. This is the policy adopted by officials and by following it with all improvements the fair will have a group of first class buildings. Permanent improvements will make a big saving. In the past the expense of repairing temporary structures has been a heavy drain on the treasury.

A new coat of paint is to be put on the ticket office at the main entrance. The exhibit hall has already been painted and the other buildings and sheds are to be kept in good state of repair. It is pointed out by officials that a little money spent on paint and a little cost added to the improvements being made from time to time will keep the fair property in good shape. The present grandstand has been allowed to deteriorate for the lack of proper foundations and paint and the officials say they expect to profit by this experience and keep the other improvements protected from decay by using a little paint every two or three years.

## Patrons of Antelope School Hold All-Day Meeting at Building

An all-day school meeting was held at Antelope school house eighteen miles south of Vernon Thursday. The trustees and patrons of the school were finishing up some needed improvements that day. Dinner was served at noon by the women of the community. Fred Reynolds, county agent from Foard county, L. A. Hollar, county superintendent, and Oscar Davis spoke on school subjects.

This is a four-teacher school and has received state aid every time application has been made. Every requirement of the state board of education has been met, it is stated.

## Automobiles Registered.

Forty-eight automobiles were registered during the month of August at the Tax Collector's office. Nine were issued last week to O. D. Stowe, Ford; A. M. Bourland, Reo; C. E. Rowland, Ford; C. O. Fleming, Ford; C. H. Ratliff, Ford; R. J. Jordan, Ford; C. F. Doan, Ford; E. S. Anderson, Oldsmobile; O. T. Ball, Ford; J. C. Humphries, Ford.

Local People Visit Plains.  
Mr. and Mrs. J. H. E. Young and daughter, Miss Iris, and Miss Ellen Castlebury, have returned from a visit to Tulsa, Amarillo and other points in the Plains country.

## THOUSANDS ATTEND BIG BARBECUE AND PICNIC AT MARGARET

Vernon Band Furnishes Music—Speeches Made Urging People to Attend Wilbarger Fair

Several thousand people attended the barbecue and picnic at Margaret Friday and the affair was handled in fine shape by the committees in charge, according to members of the Vernon party who attended.

About fifty business men and others, including the Vernon band, attended from Vernon. The band gave two concerts and provided the only music for the gathering. Secretary R. M. Fielder of Vernon Chamber of Commerce, made a short talk, inviting the people of Foard County to attend the Community Week programs, being held this week at Allingham Park, and the County Fair which is to be staged later in the month.

R. H. Coffey, manager of the Wilbarger County Fair, was a member of the Vernon party, and he distributed advertising matter for the Fair and invited the people of Foard County to not only attend but to make exhibits.

Speeches were made in the forenoon by County Judge Owen of Foard County and Fred Reynolds, Foard County farm agent, and others. In the afternoon a better babies contest was held and later free-for-all boxing bouts by both blacks and whites, steer riding and a baseball game between Medicine Mound and Margaret were the entertainment features.

The big barbecue spread at noon was a sumptuous repast. Everything was free to visitors and those who attended the picnic from Vernon declare that it was one of the most enjoyable affairs of the kind they had ever attended. Praise for the hospitality of the Margaret people was unstinted.

## Chillicothe's First Bale of 1923 Crop Is From Farmers Valley

J. W. Bailey, living in Farmers Valley, brought in the first bale of cotton of the season to Chillicothe Thursday. The cotton was ginned by the P. P. Turner gin and weighed 350 pounds. A premium of \$45.50 was subscribed by the business men of the city and presented to Bailey, after a price of 23 cents.

The first bale last year was ginned Aug. 15, two weeks earlier, but considering the number of times the cotton crop was rained and hailed out in this section, this is a good record. The cotton crop is going to be much better than was first expected.

## C. T. HERRING TO ERECT NEW 100-ROOM HOTEL IN AMARILLO

C. T. Herring of Amarillo, formerly of Vernon, will shortly begin the erection of a four-story hotel building of 100 rooms in the down-town district of Amarillo, according to advices from that city.

Architects are at work on plans and erection of the building will begin within the next thirty days. The hotel will be leased by Mr. Herring.

## VISITING MINISTER SAYS WILBARGER CROPS LOOK GOOD

Rev. J. D. Crockett of Stamford, who has been conducting a revival meeting at Wildcat, was in Vernon Saturday, and said that crops in Wilbarger County are better than in any other West Texas county he has visited this year.

## Boys Organize Club.

Last Thursday night the "Lucky Thirteen" met at the Liberty Cafe at 8 o'clock for the first banquet and business meeting. Frank Massie, Jr., was elected president and Robert Sherrill was elected secretary, treasurer and reported. The following were present: Frank Massie, Jr., Leil Buchanan, James Pace, A. C. Boger, Jr., Jess Hollar, Nolan Backus, Curtis Piper, Bert Lisman Theron, Staley Merle Staley, Dick Sherrill and Robert Sherrill.

## FORMER VERNON BOY WINS RAPID PROMOTION IN DALLAS

Wesley Dunklin

Local friends of Wesley Dunklin will be interested in knowing that he has recently been promoted to the position of office manager of the Texas-Oklahoma division of the Sun-Maid Raisin Growers in Dallas. The headquarters of the concern are at Fresno, Calif. Young Dunklin was reared in Vernon and was a member of the graduating class of 1922 of the local high school. He has been with the Sun-Maid raisin growers for the past year and received his promotion to a position of considerable responsibility at the age of only twenty years.

## KELL MILL TO OFFER SPECIAL FAIR PRIZES

EXTRA AWARDS TO GO TO WINNERS IN CULINARY MADE FROM BELLE OF VERNON

Winners of first and second prizes in the culinary department of the Wilbarger County Fair, in which Belle of Vernon flour is used, will receive extra prizes from the Kell Milling Company, in addition to the regular prizes offered in the fair catalogue.

A 24-pound sack of Belle of Vernon flour will be presented to each first prize winner using the local flour and a 12-pound sack will go to the winner of the second prize, if the entry is made of Belle of Vernon flour.

The Kell Milling Company is doing this to encourage the use of Belle of Vernon flour and to convince the housewives of this section that the local product is equal to every baking test that flour can be subjected to.

These extra prizes are expected to attract many exhibits to the culinary department and local fair officials express themselves as being highly pleased with the interest the milling concern is showing in promoting the fair by offering the special prizes.

## Liles and Clark Have Prolific Plum Trees in West Side Orchards

J. L. Clark and M. V. Liles of West Vernon are exhibiting a late variety of plums taken from their orchards, yesterday. On ripening they are a golden yellow color suitable for jelly making and canning. The variety grown by Mr. Liles appears in clusters like a bunch of grapes and the yield of both varieties is surprising.

Mr. Liles states that people who attend the Wilbarger County Fair this month will see on display a plum eighteen inches long containing over 100 plums.

## F. & M. Gin Ready for Operation.

Repairs and improvements in the plant of the Farmers & Merchants gin plant have been completed and it is now ready for operation according to Manager Hughes. It was stated in Friday's Record that the work would not be completed for several days.

## Marriage Licenses Issued.

## HUNDREDS PRESENT AT FIRST PROGRAM OF COMMUNITY WEEK

Entertainment on Opening Night Under Auspices of Musicians' Club Delights Large Crowd

Hundreds of people were delighted last night at the opening program of Community Week, being held at Allingham Park under the auspices of the Wilbarger Federation of Women's Clubs. The opening address was made by District Judge James V. Leak. He congratulated the women for their enterprise in staging the Community Week programs and assured them that their work in the interest of making the city more beautiful and providing recreational facilities for the children of the city was fully appreciated by the citizenship of the city and county.

The concert by the Vernon band was a pleasing feature of the opening night's program. A splendid list of musical selections, under the direction of J. S. Reed, instructor, was given.

The opening program was given under the auspices of the Musicians' Club.

A program of unusual merit was presented by the Musicians' club last night for the first number of Community Week.

The choral division of the club sang two choruses, Barcarolle from Tales of Hoffman and a medley of old songs, which were well received. Misses Enid McCarroll and Verna Lucky at the piano played Rigetto by Verdi, in a pleasing manner. Little Miss Minerva Price Rhoads with Mrs. Rhoads at the piano gave a violin solo, Minuet in G, which was most charmingly played by the little girl. Miss Alice Stokes pleased her audience with her readings of character sketches of Italian and negro dialect but she brought down the house when she told "How She Powdered Her Nose." Miss Georgia Castlebury sang two numbers, "The Broken Wing" and "Sylvia," which received much applause.

Mrs. C. J. Farrell with Miss Vera Harrington at the piano and assisted by the choral division gave a musical number, "When Mother Sang To Me." Mrs. Rena Watts as the mother in the scene with little Elizabeth Farrell in her arms brought out the beauty of the song.

The sale of season tickets has been highly satisfactory. Many who were unable to attend bought tickets to assist in the enterprise of beautifying the park. All proceeds from the Community Week ticket sales go to the Allingham Park fund.

The program for the remainder of the week follows:

## CAN SALVATION ARMY LASSIE WEAR BOBBED HAIR?

Capt. Mildred Olson, m.

Captain Mildred Olson, of Chicago, a high officer in the Salvation Army, has been ordered to suspend her duties there and report in New York to Commander Evangeline Booth, who will determine whether she is to be disciplined. Captain Olson defied the censor in the ranks of the Salvation Army and bobbed her hair. I will be recalled that Miss Booth's own sister, while serving with great valor in France during the World War, was sent back to England for bobbing her hair and kept there until her tresses were long again.

## FARMERS ARE URGED TO PLANT WHEAT

DENVER AGRICULTURAL AGENT SAYS PASTURAGE WILL SAVE MUCH ON FEED BILLS

M. B. Oates, agricultural agent of the Denver Railway, is asking the farmers of Wilbarger and adjacent counties to sow wheat as winter pasture. Mr. Oates writes as follows:

"The two general rains the latter half of August provide a splendid season for sowing wheat this fall. There is great need for a general sowing of wheat especially for winter pasture. Feed crops are short and in many places entirely inadequate to meet the needs of the farmers stock this winter. It is true that late feed may now make a pretty fair crop, yet the early feed is so light that most farmers will not make enough to meet their needs, even with the improved prospects of late feed.

"For these reasons it is extremely important that practically every farmer sow an acreage of wheat sufficient to meet his pasture needs this winter. Even though one is not in the habit of growing wheat for market, it will pay this fall to sow some wheat for pasture.

"The wheat farmer of course will sow wheat any way and even though he pastures it heavily he may, with favorable spring conditions, get a good crop of grain at harvest time, after having had the benefit of pasturage from it all winter."

## SNYDER TO VOTE ON SALE OF CITY ELECTRIC PLANT

Whether the city of Snyder, Okla., shall sell its electric light and power plant to the Lawton corporation for the sum of \$25,000, and grant an electric franchise to that company will be submitted to the electors of the city, at a special election to be held October 2.

The city council's action in calling an election followed a proposal made to the city by representatives of the Lawton corporation.

## Quannah Postmaster Named.

John H. Wilson has been appointed postmaster at Quannah, according to announcement made in Washington the past week. He will succeed J. H. Goodlett who has held the place for the past four years.

Friday, September 7:  
Address—M. C. Culbertson, Lions' Club.  
W. C. T. U.—"The Spirit of Frances Willard," A Pageant.

Saturday, September 8:  
Address—Mayor Harry Mason and R. M. Fielder, Secretary of Chamber of Commerce.  
Rural Clubs, Harrold, Elliott, Oklahoma, Lockett and Fargo.  
Reading, Selected—Miss Lillian Sweetmon.  
Piano solo—Mrs. Dwight Lovelace.  
Comedy—Lloyd Parker.

## TWO GET PEN TERMS IN DISTRICT COURT

SENTENCE OF TWO AND HALF YEARS FOR TRANSPORTING LIQUOR IS GIVEN.

Juries in the Forty-Sixth district court yesterday returned verdicts of guilty in two cases. J. J. Ester was given two and a half years in the penitentiary on a charge of transporting liquor, and Pete Ellison was given four years on a charge of theft of personal property in excess of \$50 in value.

W. K. Cain was found not guilty on a charge of selling intoxicating liquor. The criminal docket as set for the rest of the week follows:

Tuesday—W. W. Birch, charged with assault with intent to rape; Finer Carroll, John Reid and Robert Brown, all on charges of automobile thefts; May Ester, liquor charge; W. L. Price, liquor case.  
Wednesday—W. T. Langston, charged with rape.  
Thursday—Joe Collins, charged with rape; W. C. Morehead, burglary.

Friday—Irvin Baker, forgery charge; J. B. Leverett, burglary case. Sitting as juvenile court, the case of Ermon Ivey, held in connection with the killing of Johnnie Walker, will be taken up.  
Saturday—Paul Probasco, liquor charge.

## Local Teachers Attend District Institute Being Held in Wichita Falls

Superintendent E. L. Dohoney and the thirty-nine teachers in the Vernon schools are in Wichita Falls attending the district teachers' institute. J. N. Fulcher and Mr. Dohoney are on the program for discussions during the sessions.

The institute is being held in the First Baptist Church and about 700 teachers from this section of the state are in attendance. Mr. Dohoney went to Wichita Falls Sunday to attend a session of the executive committee of the institute to make some final plans for the opening of the sessions Monday morning.

## TILLMAN COUNTY SHERIFF HAS BIG STILL COLLECTION

According to a news item in the Frederick Leader, Sheriff E. I. May of Tillman County, has confiscated ninety-two illicit stills since he came into office.

## Rain at White City Friday Night.

J. H. Knapp, living in the White City community, was a business visit or in Vernon Saturday. He reports a heavy rain in the north part of the county Friday night. The precipitation was accompanied by a strong wind but no damage was done to crops or buildings, Mr. Knapp says.

## RESTRAINING ORDER ON LIGHT FRANCHISE CONTINUED BY COURT

Federal Judge Denies Petition of City for Dissolution and Will Hear Case at Wichita Falls

Judge William H. Atwell, in Federal District Court, at Dallas, Friday, continued in force the temporary injunction granted the Vernon Electric and Ice Company against the city of Vernon until the November term of Federal Court at Wichita Falls, where the case will be heard on its merits. The temporary restraining order, issued last week by Judge Atwell, prevents Vernon city authorities from putting into effect an ordinance cancelling the fifty-year franchise held by the utility company, the latter being required to furnish \$2,500 bond pending settlement of the litigation.

J. H. Barwise, Fort Worth attorney, who with City Attorney J. S. Cook and Cecil Storey, represented the city in the hearing, contended that the matter was properly within the jurisdiction of State courts, but this point was overruled and it will be determined at the Wichita Falls hearing which will go into the allegations of the company. Judge S. J. Brooks of San Antonio and W. N. Stokes of Vernon represented the company in the hearing.

The company in its petition for an injunction against the city, alleges that it properly owns the franchise granted by the city, and that it has been guilty of no breach of that franchise, and further that the alleged breaches upon which the City Commission based an ordinance cancelling the franchise are details "trumped up" in order that the city may remove the company as a competitor of its own municipal light plant.

The authorities of Vernon in warning the company of the alleged breaches of franchise, charged that when the franchise and plant were sold by former owners, the city did not have the opportunity to refuse or buy it, and for that reason the grants under which the company operated were voided. Other allegations made by the city were denied by the company which prayed immediate relief from the court on the ground that the cancelling ordinance directed the removal of its poles and other equipment from the city.

Mayor Harry Mason and J. G. Rossman, manager of the company, attended the hearing.

## 3,231 Tourists Stop at Vernon Free Camp in Month of August

Tourists to the number of 3,231 camped at the Vernon Free Tourist park during the month of August, is announced by R. A. Gilliland, who is in charge of the grounds. Seven hundred and eight cars were registered there during that time.

One tourist, who camped there was traveling from Honduras to Salt Lake City. A visitor stopped a few nights ago on his way from London, England to the coast. Friday night a family, who passed through here June 22 returned, after a trip in a Ford of 7,052 miles. They made a tour of the West coast and British Columbia while away.

## Schools at Harrold, Oklahoma and West Vernon Begin Terms

West Vernon, Oklahoma and Harrold schools started yesterday morning with a splendid attendance. V. R. Glazener is superintendent of the Oklahoma schools. This is Mr. Glazener's second term there. R. S. Covey is superintendent of the Harrold schools, having been re-elected for several terms. Oklahoma and Harrold are independent school districts.

W. W. Snodgrass is principal of the West Vernon schools, assisted by Mrs. W. W. Snodgrass, Miss Rose Hlaverty, Miss Emma Joda Morrison and Miss Harvey Thompson. Mr. and Mrs. Snodgrass taught at West Vernon last year.

## OF COTTON PROSPECT

### Government Report Has Bullish Effect on Market—County Yield Placed at 30,000 to 35,000

Vernon cotton men, bankers and farmers look upon the latest Government estimate of the 1923 cotton crop, issued Friday morning, as one which promises much for the prosperity of Wilbarger County during the next twelve months. The issuance of the report, showing a decrease in the estimate of July 25 to be nearly a million bales, was immediately followed by a jump of \$5 a bale in the price.

The general opinion seems to be that the price of cotton will be good this season and many of the best-informed men in the cotton trade are warning farmers against hasty marketing. The short crop insures a strong demand and is certain to result in higher prices, according to opinions expressed.

This condition of the market, coupled with the prospects in Wilbarger County for a larger crop than last year has produced an optimistic outlook locally. The recent rains and ideal weather conditions since are taken as a sure indication of a yield in this county of from 30,000 to 35,000 bales. In some quarters it is believed that a 40,000 bale crop is possible with late frost and other favorable weather conditions during the remainder of the growing and harvesting season.

Drought in Oklahoma and Texas, excessive rains in the Southeast, the boll weevil and the leaf worm were the causes of the marked decline during August in the condition of the cotton crop, the Department of Agriculture announced Friday in placing the indicated crop at 49,788,000 bales, as compared with a forecast of 11,516,000 bales as of July 25. The condition August 25 was estimated at 54.1 per cent of normal as compared with 67.2 per cent one month earlier and the indicated yield per acre dropped from 143.9 pounds to 134.8.

The condition of 42 per cent of normal in Georgia reflected the extent of weevil damage in that State, it was said, while the drop from a condition of 82 per cent July 25 to 71 August 25 in North Carolina revealed the first severe effects of the pest this year in that State. Prevalence of the army worm, leaf worm and other insects in addition to the boll weevil also was reported to be causing considerable damage throughout the cotton states.

The condition on Aug. 25, in percentage of a normal, and the forecast of production, in thousands of bales, by principal States are:

Virginia, 93 and 50.  
North Carolina 71 and 88.5.  
South Carolina 57 and 70.8.  
Georgia 42 and 82.7.  
Florida 30 and 17.  
Alabama 52 and 82.8.  
Mississippi 48 and 83.3.  
Louisiana 53 and 36.7.  
Texas 55 and 37.22.  
Arkansas 57 and 94.8.  
Tennessee 64 and 41.5.  
Missouri 67 and 193.  
Oklahoma 46 and 79.7.  
California 88 and 43.  
Arizona 90 and 81.  
New Mexico 88 and 59.

## WAR CLOUDS GATHER.

Another war threatens Europe under similar conditions to those which resulted in the outbreak of the World War in 1914. Members of an Italian boundary commission were victims of assassins on Greek territory and Italy served an ultimatum on Greece which was very much like that served on Serbia by Austria in 1914.

Greece did not accede to all of the Italian demands and Italy virtually started hostilities by bombarding the island city of Corfu.

Whether the efforts of the other nations to secure a peaceable adjustment of the dispute will succeed remains to be seen. Such efforts failed in 1914. They may fail again in 1923.

The plea that the dispute be submitted to the League of Nations, it is predicted, will be refused by Italy and will use the French invasion of the Ruhr as a precedent for such a course. Since the other nations permitted France to defy the League it is difficult to see how they can resist Italy's claims.

The situation has an ominous look. A war in Southeastern Europe between Italy and the allied Balkan states is not a remote possibility. Indeed it is likely that once hostilities break out in that section the fighting may spread to the other nations and the world will again be plunged into a struggle of similar proportions to the late World War.

Post mortems are useless except when the information gained from experience leads to the avoidance of the mistakes of the past. The League of Nations, or some such international tribunal, is the only hope for the preservation of peace. The nations of Europe defy the League because it is powerless to enforce its decrees and because its moral influence has been all but destroyed by the refusal of certain great powers to become members. The United States is to blame for the impotence of the League, although it was America's accredited spokesmen who insisted upon its organization at the Versailles peace conference.

It should be borne in mind that the United States was the first nation to plunge a dagger into the heart of the League enterprise. We have already seen some of the fruits of that course, and it seems likely that more is soon to be harvested in Southeastern Europe. It seems now as though that war weariness is the only thing that can

## MEXICAN RECOGNITION COMES.

After a lapse of more than a dozen years formal diplomatic relations between Mexico and the United States are to be resumed. One of the first steps of importance of the Coolidge administration is to extend recognition to the Obregon government. The present regime in Mexico has its faults and shortcomings and conditions have not reached the ideal state that some of our people have apparently been waiting for, but it gives evidence of being the most substantial government Mexico has had in many years.

We have been too critical of Mexico and in some instances all but blind to the fact that Mexico has had some just grievances against the United States. Mexican citizens are maltreated in this country with impunity. Shooting of Mexicans along the border is looked upon lightly, but when an American suffers some indignity in Mexico there goes up a great clamor for armed intervention.

A little honest investigation will show that we fall far short of the spirit of the Golden Rule in our dealings with other nations. Mexico has been derelict in her duties as a nation, but our own course of action has not always been above criticism. It is to be hoped that resumption of relations with Mexico will bring about a better understanding of the proprieties of international intercourse on both sides of the Rio Grande.

## HARDEMAN IS TALKING ROAD BONDS.

Agitation for a road bond issue to pave the Colorado-Gulf highway across Hardeman County has been started. It will require something like a million dollars to complete this project, but it is practically certain that the State Highway Commission will give liberal aid as an inducement to get the road improved as suggested by some of the leaders in the movement.

In all probability Hardeman County would not have to vote more than \$400,000 or \$500,000 to insure the completion of the paving. It would seem that the taxpayers of that county can ill afford to pass up the opportunity to get their most important road paved at so small an outlay. Wilbarger County will most certainly vote bonds this year for the completion of the Colo-

we would then have a stretch of more than a hundred miles of concrete highway in Hardeman, Wilbarger and Wichita counties. Good road advocates in Wilbarger County wish the supporters of the movement in Hardeman County every success in their efforts to get bonds voted for paving the Colorado-Gulf highway.

The loss through the deterioration of an unpainted wooden surface is equal to the cost of keeping it painted.

In other words, we pay for paint thru repair bills and property depreciation—so why not have it?

Paint confers a double benefit—at the time it saves the surface it also brightens and cheers. There's pride and added satisfaction in well painted surroundings.

We are still handling a complete line of Cook Paint. This paint continues year after year to give complete satisfaction. We will be pleased to estimate your painting requirements.

# The March of Progress

Before many years we will see power lines extending to all parts of the country. Power will be available for every farm need. Every farm home will have all the advantages of the homes of the cities. The farm wife will have at her command the electric current to do her washing, ironing, sweeping, etc., and the farmer will have his work greatly lightened by the use of this wonderful time saving electric energy. Electric lighting from these lines will be available everywhere. Our section of the country is settling up more all the time which makes it more important for us to prepare the way for such installations.

## Clarendon and Childress Are Also Morrison & McCall Properties

The transmission line from Clarendon to Childress and beyond is merely a stepping stone in the march of progress. This line is in prospect and may be built in the near future. The inter-connection of our power plants makes power available for many industries that we do not have at the present time.

It requires many thousands of dollars to build such lines and construct such plants as required for such an installation. Large crews have been working constantly for the last year installing new lines and improving the distributing system of Vernon. Thousands of dollars worth of material has been used. Construction and improvement is planned to care for the need of Vernon in days to come and is not being done without thought for the future requirements. Capital must be assured of a return on the investment or it will not be invested. High grade engineers must be employed so as to be sure that construction will not be made that will have to be torn out later, and the money spent for it wasted.

## Denver Buys Power for Shops

One of the Morrison & McCall plants in the Panhandle group has recently taken over the biggest power load in this section of the state, the Fort Worth & Denver Shops at Childress. We are ready and anxious to figure on any kind of power proposition no matter how big or how small. A power company that can secure money in large amounts is an asset to any community.

The Vernon Electric & Ice Company, also a Morrison & McCall plant, has for some time been doing missionary work in bringing to the attention of the rural communities in the Vernon territory the advantages of transmission lines extended along the county highways.

## Negotiating for Frederick Plant

Negotiations are being conducted with the city of Frederick, Okla., looking to the building of such transmission line between these cities along the route of the Lee Highway, which will greatly benefit Wilbarger and Tillman Counties.

Vernon Electric & Ice Company has been active in the movement to build a cotton mill in Vernon, it will come when an organized effort is made by our people.

## New Industries and How to Get Them

Vernon is in competition with other sections for industries, business enterprises and home seekers. Our Chamber of Commerce is maintained to encourage outside capital to invest in Vernon.

Capital is attracted to cities where a return on the investment is assured and where Fair Play and Protection of its Rights may be expected when the money is invested. Electric current can be distributed throughout this section from our Vernon plant. That's the plan we have in mind to help make the town grow and develop along industrial lines.

## Officers Are Called

Some persons traveling along the road leading north from Vernon in the late afternoon a few days ago made what seemed to be an important discovery. A small group of people were seen to dig a small hole in the loose sands of Pease River, place a little box in the hole and then cover it up.

The conclusion was immediately reached that they were bootleggers secreting a supply of liquor where it would be safe until orders could be obtained from some thirsty customers. Officers were notified and an investigation revealed that the little box contained the last remains of little "Snooky," deceased pet dog of Dr. A. P. Howard, instead of a supply of illicit liquor.

The persons mistaken for bootleggers making a cache were really paying their last sad respects to a faithful dog, whose demise had brought sorrow to the home of her master.

Just as twilight met dark, the remains of the little friend were deposited in a box lined with soft material, a bow of red ribbon adorned her neck and a little nose-gay of flowers was placed by her side, and the tiny casket was taken to a spot on the river bank near the lower bridge where kind hands scooped out a shallow resting place. Dr. Howard delivered the funeral oration and the

to Dr. Howard, and these services endeared "Snooky" to the members of the household.

One cold winter night when a member of the family lay ill and others were wrapped in deep slumber, Snooky discovered that the house had caught fire from an electric iron which had dropped through the chair ironing board into a basket of clothes. She barked and started until too hoarse to bark. She whined and scratched at the door to give the alarm.

At last members of the family becoming annoyed by her incessant barking woke up in time to call the fire department and the flames were extinguished. Another time a burglar, who that night entered several homes in Vernon, was frightened away by the little dog.

located. Cotton gins will be built and operated. Grounds for school and churches have been selected and buildings will be constructed by fall.

Do you know that Amherst is located within five miles of the center of Lamb county and with this central location that a majority vote will make it the county seat?

THIS IS A COTTON COUNTRY WHERE THE BOLL WEEVIL IS UNKNOWN

Do you know that in this county One-Fourth to One-Half of a bale to the acre can be raised and that one man can attend to 100 acres?

IT IS A FACT!

A big percentage of the land in cultivation is planted in cotton this year and the yield promises to surpass that of last year. New Gins are being added to take care of this crop.

THIS IS YOUR BIG OPPORTUNITY! Whatever mistakes you have made in the past—whatever disappointments you have experienced, whatever hardships you have been called upon to endure—put them aside—forget them! A brighter day has dawned for you. This is the place for you—GO AND SEE.

**\$62.75** plain and fur trimmed coats in Lustrata Truvenette, beautifully lined in plain and brocade crepe, in beaver, brown, black, kit fox and navy.

### WHEN WINTER COMES

On those cold days you will remember how sensible you were to buy one of these coats at a bargain during the September coat sale. A deposit of \$10.00 will hold any coat selected until October first. Sale closes Saturday night.

## READ OF EXTENSION DEPARTMENT TO BE AT WICHITA FALLS DURING WEEK

Austin, Sept. 4.—E. M. Shelby, director of the Bureau of Extension at the University of Texas, will conduct the teachers' institute to be held in Wichita Falls this week.

The institute will include Wichita, Clay, Archer and Baylor counties, and the cities of Wichita Falls, Burkburnett, Electra, Vernon, Seymour and Chillicothe. It is expected that 750 teachers will attend the five-day session.

Two general addresses will be made each morning before the whole institute, after which the body will divide into sections for the study and discussion of primary, intermediate, high school and rural school work. Regular work in methods will be given, and the technique of classroom instruction will be especially stressed throughout the whole course of the meeting. Mr. Shelby will be assisted by Supt. B. M. Dinsmore of Electra in conducting the institute.

During the week teachers' institutes all over the state will be conducted by members of the University faculty who have been secured through the Bureau of Extension.

at a pretty shower given by members of the Missionary society Monday afternoon at their room in the church. The parlors were decorated for the occasion in flowers and a missionary quiz was given during the social hour. Mrs. R. E. Dickinson was the successful contestant in the game. Miss McLarty was presented with a purse and other useful and lovely gifts.

She is taking up her work in social service in Dallas and will leave Thursday.

### RAYLAND NEWS.

By special correspondence. The party given by Leactia Jordan Thursday night was well attended. Everyone reported a nice time.

Robert Gregg of Merkle arrived Thursday for a few days' visit with relatives here.

The citizens of this community met at the school house Thursday to clean up the house and grounds. There was an excellent dinner, carried by the women of the community and we also had some good speaking. The speakers were: Arthur Davis of Olney, Fred Reynolds of Crowley, L. A. Hollar of Vernon, and Claud Davis, a trustee of the school. It was decided to put the school opening off a week because of the new room which is being built, is not completed. Another meeting will be held next Thursday to complete the cleaning of house and grounds.

Lee Jordan and Paris Allen were Vernon visitors Friday.

Irene Jordan who has been visiting in Doans the past week, returned home Saturday.

Arthur Davis of Olney is visiting his parents, Mr. and Mrs. Claude Davis this week.

Cotton picking has been started in this community. All cotton is looking fine.

S. H. Allen has gone to East Texas for a short visit.

T. L. Lambert was a Margaret visitor on Thursday.

Tom Allen and Will Clark went to Lake Pauline Saturday where they will erect stands to run during the circus.
